TWO DAYS HANDS-ON WORKSHOP ON ROBOTICS: HARDWARE AND APP PROTOTYPING

START DATE : JANUARY 18, 2020.

END DATE : JANUARY 19, 2020.

SESSION	TIME	Practical Activities
1	10:00 AM to 12:00 AM	Hands on Training By the end workshop students will be covering 5-6 Activities using the kit provided to the students
BREAK	12:00 AM to 12:15 PM	
2	12:15 PM to 1:15 PM	
BREAK	1:15 PM to 2:00 PM	
3	2:00 PM to 3:30 PM	
BREAK	3:30 PM to 03:45 PM	
4	03:45 PM to 5.00 PM	
Resource Person	Mr. Suresh, Consulting Trainer, Clever Bit Solution, Bangalore	
Chief Guest	Dr. S.N. Mulgi, Professor & Chairman Dept. of Electronics, GUK	
Program Coordinator	Smt. Jagadevi C.G, Asst. Professor, Dept. of Electronics	
IQAC Coordinator	Dr. S.T Sulepetkar, Asso. Professor, Dept. of Electronics	
IQAC Co-Coordinator	Dr. T.V. Biradar, Asst. Professor, Dept. of Mathematics.	

DESCRIPTION

Contents of Two days Hands-on Workshop

INTRODUCTION HARDWARE PROTOTYPING:

- Introduction to Electronics and Embedded Systems
- Introduction to Robotics

INTRODUCTION TO ARDUINO

- What is Arduino
- Different types of Arduino boards
- How does the Arduino Uno board work and why it's so popular
- What is a microcontroller
- How to use the Arduino IDE (Integrated Development Environment)
- Powering and connecting your Arduino to your computer
- Uploading programs to your Arduino board
- Learning about Arduino Shields and their usage

BLOCK PROGRAMMING: DECISION MAKING AND USING LOGIC

- Using 'If' statements
- Using 'while' loops
- Using 'for' loops
- Using maths in Arduino
- Activity and Quiz

INTRODUCTION APP PROTOTYPING:

- App Explanation
- App Inventor
- Build a Basic App
- Activity and Quiz

BASIC LEVEL: INPUT AND OUTPUT CONTROLLER

- How to properly structure your code
- Using variables to write more capable programs
- Reading inputs and controlling outputs using the digital and analog pins
- Communicating via the serial port
- Activity and Quiz

LEDs

- Blinking of LEDs
- Fading of LED
- Circling of LEDs
- Traffic light system and many more.

SERIAL MONITORING

- Reading Analog and Digital input
- Controlling LED using push button
- Controlling LED using Analog input

CONNECTING SENSORS and ACTUATORS:

Interfacing Digital/Analog Sensors with Arduino

- Sound Sensor
- Light Sensor
- Humidity Sensor
- Temperature Sensor
- Ultrasonic Sensor
- LDR
- Potentiometer
- Gas sensor
- Soil Moisture Sensor
- Activity and Quiz

DRIVER SYSTEM

- H-Bridge Circuit
- Arduino Motor Shield
- DC Motor Construction
- DC Motor Operation
- DC Motor Speed Control
- Drive System Build
- Drive System Sketch & Experiment
- How Servos Work
- Servo Sketch & Experiment
- Activity and Quiz

WIRELESS COMMUNICATIONS

- HC 05 Bluetooth module interfacing
- Activity and Quiz

MAKING A ROBOT AND SOLVING PUZZLES

- Activity and Quiz

Brief Bio-data of Dr. S. N. Mulgi

Dr. S. N. Mulgi has born in the village so called Bombalgi in Bidar District. He has completed his graduation from B. V. B. College, Bidar. He received his M.Sc. M. Phil and Ph. D degrees from Gulbarga University, Kalaburagi in the year 1986, 1989 and 2003 respectively. He is the recipient of two gold medals for his First Rank in M.Sc. He served in Degree and Engineering Colleges from 1989 to 1995. Since 1995 he has been working in the Department of PG Studies and Research in Applied Electronics, Gulbarga University, Kalaburagi. From 2010 he is working as Professor in this Department. During April 2010 – 2012 Dr. S. N. Mulgi has served as Chairman of Applied Electronics Department. Again from 12th April 2018 to till date he is working as a Chairman of the same Department. He is working as RUSA, Nodal Officer, Gulbarga University, Kalaburagi project sanctioned by MHRD, New Delhi worth of Rs. 20 crores and involved in many administration work assigned by the University. He served as the Chairman of BOS and Chairman and member of BOE for various university within and outside the state. He has got more than 30 years of research and teaching experience at PG level. He has engaged research work mainly in the field of Microwave Communication for the design and development of planar devices for various microwave communication applications. Dr. S. N. Mulgi has published more than 300 research papers in International, National Journals, Conferences, Symposium, Seminars etc. His research findings have appeared in many reference books. His papers have been selected as the best papers in several Conferences.

Under the guidance of Dr. S. N. Mulgi so far Eleven Ph. D and ten M. Phil degrees have been awarded. Presently several students are working under his guidance for Ph.D. Dr. S. N. Mulgi has successfully worked as co-investigator and completed the projects sanctioned by DST, UGC New Delhi. He is the reviewer of many National and International Journals. He served as the advisory committee member of various National and International Conferences, Seminars etc. He has delivered several key note addresses, valedictory talks, chaired the technical sessions and presented technical talks in various National and International Conferences. He has delivered many popular science lectures to promote science awareness among the students and for teachers within and outside the state. Prof. S. N. Mulgi has published science article books in Kannada through prasaranga. One of his book is appeared as text book for B. Sc, BCA and BSW students from the academic year 2018-19. Dr. S. N. Mulgi has received prestigious Gulbarga University Karnatka Rajyotsava Award 2018 for writing science book in Kannada.

ARTIFICIAL INTELLIGENCE : A ROBOTICS

By

Dr. S.N.Mulgi M.Sc. M.Phil. Ph.D

Professor and Chairman

Department of PG Studies and Research in
Applied Electronics,
Gulbarga University, Gulbarga – 585 106.

WHAT IS A.I.?

- 1) The study of computer systems that attempt to model and apply the intelligence of the human mind.
- 2) A branch of computer science dealing with the simulation of intelligent behavior in computers.
- 3) The capability of a machine to imitate intelligent human behavior.

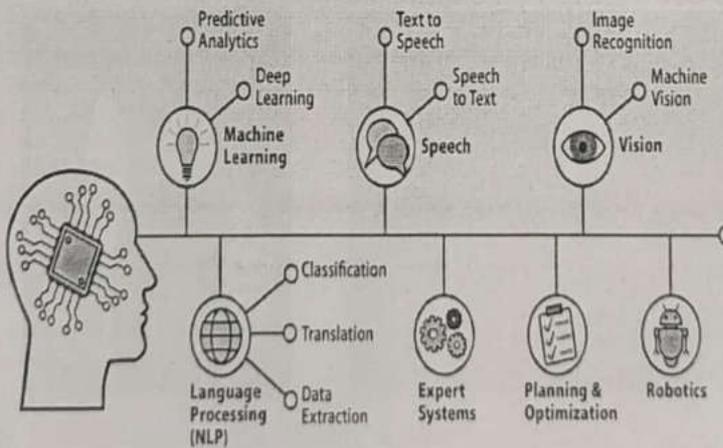

Why AI?

Because

- . To use power of computers to augment human thinking.
- . Robotics and expert systems are major branches of that.
- . The other is to use a computer's AI to understand how humans future thinking.

AI performs.....

Artificial Intelligence

Google Now, Siri and Cortana are all intelligent digital personal assistants on various platforms (iOS, Android, and Windows Mobile). In short, they help find useful information when we ask for it using our voice.

We can use them to make calls, send messages, set reminders, take notes, recognize music, find great restaurants, check your calendar, and more.

Early History

- In 1950 English mathematician Alan Turing wrote a landmark paper titled "Computing Machinery and Intelligence" that asked the question: "Can machines think?"
- Further work came out of a 1956 to realize this question through AI.

RISE of AI: Make machine to work like man

CURRENT STATUS OF AI

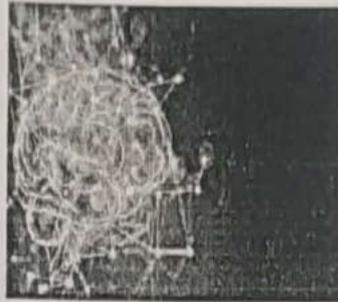

• AI have taken many shapes and forms over recent years

- Mobile Phones (Siri/ Cortana)
- Video Games Characters
- GPS/ Voice Recognition
- Robotics .

• Google has been a major play on AI transcendence and Deep Learning.

CHALLENGES OF AI:

- Computing Power
- Tolerance
- Instant decision
- Judging

FUTURE OF AI :Some examples

AI areas are going to be hugely important in the near future.

- **Self Driving Cars.**
- **Improved Medical Care & Treatment.**
- **Automation to future explorations.**
- **Etc.**

Significance of AI: Some Areas

- Space exploration.
- Precision and Accuracy.
- Diagnosis and Treatment .
- Function without stopping.
- Risk Reducing.
- Robotic pets.
- Robotic radio surgery.
- Can do repetitive and time-consuming tasks.
- Lacking the emotional side.
- Can do laborious tasks.
- Used for mining process etc..

Finally, we say that,
"The AI of Science and Engineering mainly
making intelligent Machines for Mankinds"

Sharanabasaveshwar College of Science, Kalaburagi

Department of Electronics & Mathematics

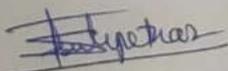

A Brief Report on ROBOTICS

Workshop Theme	: Hardware and APP Prototyping
Date of Conduct of Workshop	: 18 and 19 th Janaury 2019
In Association with	: " Clever Bit Solutions, Bangalore"
Resource Person	: Mr.Suresh Patil, Consulting Trainer, Clever Bit Solutions, Bangalore
Organizing Departments	: Department of Electronics & Mathematics
Venue	: Department of Electronics
Number of Participants	: 52
Fees Collected from Students	: 20800/-
Funds Contributed by College	: 20800/-
Chief Guest of The Function	: Dr. S.N. Mulgi, Professor and Chairman , Department of Electronics, Gulbarga University Kalaburagi

A two Day Workshop on ROBOTICS: Hardware and APP Prototyping was conducted by Departments of Electronics and Mathematics exclusively for Students. Altogether there were eight sessions for two days. All the Eight sessions were comprised of both theory and practical's. The Students underwent hands on experience. The Kit and other materials were provided by the Clever Bit Solutions, Bangalore. The Thrust was given in the workshop to learning components like Blinking of LED's are controlled through software, Use of sensors in controlling the DC motors, Servo meter, Driver system. Sound Sensor, Humidity Sensor and interfacing of these devices and making ROBOT.

The inaugural and valedictory functions were held and Principal of the College Dr. Sannabasannagouda G Dollegoudar Presided over. The Program was coordinated by Dr. Jagadevi. Gudda , Department of Electronics and Dr. Trimbak Biradar, Department of Mathematics.

The Students expressed their deep sense of gratitude for helping them to undergo this workshop as well as for the financial help extended by the College to conduct this workshop, as each student was paid Rs. 400/- (Four Hundred only). The Break fa0st, Lunch and Tea was provided by the College. The Students submitted their Feedback and expressed their happiness over the conduct of the workshop.

Two day Workshop on “ **Robotics : Hardware and App Prototyping** ” .

A Report:

Department of Electronics and Department of Mathematics, Organises a two days workshop on **Robotics : Hardware and App Prototyping** in association with Clever Bit Solutions, Bangalore on 8th and 19th January 2020. The purpose of Organizing this workshop is make aware the students regarding the importance, functioning and Applications of Robotics and Artificial Intelligence.

The Chief Guest of the two days workshop is Dr. S .N. Mulgi, Professor and Head Department of Electronics, Gulbarga University, Kalaburagi. Sir has briefed the Artificial Intelligence: Importance, Functioning and Applications with Examples. And Another Guest from Industry is Mr. Suresh, Consulting Trainer, Clever Bit Solutions, Bangalore who has given Hands on training for the Students for two days. Dr. Sannabasavanna G. Dollegoudar, Principal Sharnabasveshwar College of Science, Kalaburagi Presided over the Function encourage the students to participate in such workshops where practical hands on training will be given. Sir also encourages students for further research in the field of AI.

More than 50 Students from both our College and Surrounding Science Colleges of Gulbarga have participated in the Workshop . Dr. S T. Sulepetkar, Head Department of Electronics, Welcomes the Guests, Dr. T V. Biradar, Head Department of Mathematics and Smt. Jagadevi C. Gudda, Coordinator from Department of Electronics also Present. The Complete workshop is organized by the Faculty of Department of Electronics and Mathematics. All the Heads of the Departments and Teaching Faculty of our College witnessed the function and one of the Student given Vote of Thanks .
